## Overview of items

|   |   |
|---|---|
| BEST (Order No.)                                      | 21033-150210  |
| A (total height / mm)                                 | 50  |
| B (Width / mm)  | 150   |
| B1 (Width / mm)                                       | 149   |
| C (Stroke / mm)                                       | 50  |
| D (height of carriage / mm)                           | 29.5  |
| E (Borehole distance / mm)                            | 130   |
| TI (number of fastening holes E/M internal part / mm) | 4   |
| TA (number of fastening holes E/M external part / mm) | 4   |
| I (Height / mm)                                       | 35.5  |
| L (Length / mm)                                       | 210   |
| L1 (Length / mm)                                      | 150   |
| M (threaded hole / mm)                                | M 8   |
| N (lateral threaded hole / mm)                        | M 8   |
| O (Length / mm)                                       | 28  |
| R (Length / mm)                                       | 8   |
| S (Length / mm)                                       | 80  |
| U1 (Length / mm)                                      | 100   |
| F (load-bearing capacity / N)                         | 917   |
| FIL (Spindle)   | Tr 16 x 2   |
| MX ( / Nm)  | 31  |
| MY ( / Nm)  | 128   |
| MZ ( / Nm)  | 33  |
| GEW (Approx. weight / kg)                             | 10.3480   |
| BS (Description)                                      | Infotext  |
| ROHS (RoHS)   | Yes   |
| ZTN (Customs tariff number)                           | 84798994  |
| EAN (EAN-Nr. norelem)                                 | 4059495219783   |
| EOL (End of life)                                     | 31.12.2099  |
| STD LZ (Standardlieferzeit)                           | 98% availability of products.
